

activate

```
graph LR; activate[activate] --> FF_FILTER_FORWARD_WANTED[FF_FILTER_FORWARD_WANTED];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The first box on the left is white with a black border and contains the text 'activate'. A dark blue arrow points from the right side of this box to the left side of the second box. The second box is gray with a black border and contains the text 'FF_FILTER_FORWARD_WANTED'.

FF_FILTER_FORWARD_WANTED
