

ff_decklink_read_header

ff_decklink_write_header

ff_decklink_init_device

```
graph LR; A[ff_decklink_read_header] --> C[ff_decklink_init_device]; B[ff_decklink_write_header] --> C;
```

The diagram illustrates a dependency or initialization sequence. On the left, two white rectangular boxes are stacked vertically. The top box contains the text 'ff_decklink_read_header' and the bottom box contains 'ff_decklink_write_header'. On the right, a gray rectangular box contains the text 'ff_decklink_init_device'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both 'ff_decklink_read_header' and 'ff_decklink_write_header' are associated with or lead to 'ff_decklink_init_device'.
