

codebook\_sanity\_check  
\_for\_rate\_quarter

```
graph LR; A["codebook_sanity_check  
_for_rate_quarter"] --> B["diff"]
```

A flow diagram consisting of two rectangular boxes connected by a horizontal arrow. The left box is gray with a black border and contains the text 'codebook\_sanity\_check' on the top line and '\_for\_rate\_quarter' on the bottom line. A dark blue arrow points from the right side of this box to the left side of a second box. The second box is white with a black border and contains the text 'diff'.
