

dmix_add_c

```
graph LR; A[dmix_add_c] --> B[mul15]; B --> C[mul__]; C --> D[norm__];
```

A flowchart consisting of four rectangular boxes arranged horizontally. The first box, labeled 'dmix_add_c', is shaded gray. It is connected by a dark blue arrow to the second box, labeled 'mul15'. This second box is connected by another dark blue arrow to the third box, labeled 'mul__'. Finally, the third box is connected by a dark blue arrow to the fourth box, labeled 'norm__'. All four boxes have black outlines and are of equal size.
