

on2avc_decode_band
_types

```
graph LR; A[on2avc_decode_band_types] --> B[get_bits]
```

A diagram showing a call from the function `on2avc_decode_band_types` to the function `get_bits`. The first function is in a gray box, and the second is in a white box. A blue arrow points from the first box to the second.

get_bits
