

config_input

```
graph LR; A[config_input] --> B[pseudocolor_filter_16_10]
```

A diagram showing a flow from a box labeled 'config_input' to a box labeled 'pseudocolor_filter_16_10'. The 'config_input' box is white with a black border. The 'pseudocolor_filter_16_10' box is gray with a black border. A blue arrow points from the right side of the 'config_input' box to the left side of the 'pseudocolor_filter_16_10' box.
