

doVertLowPass

```
graph LR; A[doVertLowPass] --> B[__asm__];
```

A diagram showing a call from a function named 'doVertLowPass' to an assembly block labeled '__asm__'. The 'doVertLowPass' box is shaded gray, while the '__asm__' box is white. A blue arrow points from the right side of the 'doVertLowPass' box to the left side of the '__asm__' box.
