

print_frame

```
graph LR; A[print_frame] --> B[av_get_channel_layout_nb_channels]
```

A diagram showing a call from the function `print_frame` to the function `av_get_channel_layout_nb_channels`. The `print_frame` box is shaded gray, and the `av_get_channel_layout_nb_channels` box is white. A blue arrow points from the right side of the `print_frame` box to the left side of the `av_get_channel_layout_nb_channels` box.
