

alac_encode_frame

alac_encode_init

get_max_frame_size

```
graph LR; A[alac_encode_frame] --> C[get_max_frame_size]; B[alac_encode_init] --> C;
```

The diagram consists of three rectangular boxes. On the left, there are two boxes stacked vertically. The top box is white with a black border and contains the text 'alac_encode_frame'. The bottom box is also white with a black border and contains the text 'alac_encode_init'. On the right, there is a single box that is gray with a black border and contains the text 'get_max_frame_size'. Two blue arrows point from the right side of the left boxes to the left side of the right box. One arrow originates from the right side of the 'alac_encode_frame' box and points to the top-left corner of the 'get_max_frame_size' box. The other arrow originates from the right side of the 'alac_encode_init' box and points to the bottom-left corner of the 'get_max_frame_size' box.
