

ff_mjpegenc_huffman
_compute_bits

```
graph LR; A[ff_mjpegenc_huffman_compute_bits] --> B[compare_by_prob]; A --> C[for];
```

This diagram illustrates a control flow graph. A gray rectangular node on the left contains the text 'ff_mjpegenc_huffman' and '_compute_bits' on two lines. Two blue arrows originate from the right side of this node. The upper arrow points to a white rectangular node containing 'compare_by_prob'. The lower arrow points to a smaller white rectangular node containing 'for'.

compare_by_prob
