

mxpeg_decode_app

```
graph LR; A[mxpeg_decode_app] --> B[skip_bits]
```

A diagram showing a call from the function `mxpeg_decode_app` to the function `skip_bits`. The `mxpeg_decode_app` box is shaded gray, and the `skip_bits` box is white. A blue arrow points from the right side of the `mxpeg_decode_app` box to the left side of the `skip_bits` box.

skip_bits
