

moflex_read_packet

```
graph LR; A[moflex_read_packet] --> B[pop_int]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is white with a black border and contains the text 'moflex_read_packet'. The right box is gray with a black border and contains the text 'pop_int'. A dark blue arrow points from the right side of the left box to the left side of the right box.
