

get_qcx

```
graph LR; A[get_qcx] --> B[bytearray2_get_bytes_left]
```

A diagram showing a mapping from the function `get_qcx` to the function `bytearray2_get_bytes_left`. The `get_qcx` box is shaded gray, and the `bytearray2_get_bytes_left` box is white. A blue arrow points from the left box to the right box.

bytearray2_get_bytes_left
