

ff_adx_decode_header

```
graph LR; A[ff_adx_decode_header] --> B[ff_adx_calculate_coeffs]
```

A flowchart with two rectangular boxes. The left box is light gray and contains the text 'ff_adx_decode_header'. A dark blue arrow points from the right side of this box to the left side of the right box. The right box is white and contains the text 'ff_adx_calculate_coeffs'.
