

calculate_operand_dims
_count

```
graph LR; A[calculate_operand_dims_count] --> B[result]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is gray with a black border and contains the text 'calculate_operand_dims' on the top line and '_count' on the bottom line. A blue arrow points from the right side of this box to the left side of a second box. The second box is white with a black border and contains the text 'result'.
