

get\_concatdec\_select

```
graph LR; A[get_concatdec_select] --> B[av_dict_get]; B --> C[av_toupper];
```

The diagram illustrates a linear sequence of three function calls. It begins with a box labeled 'get\_concatdec\_select', which is shaded gray. A dark blue arrow points from this box to a second, white box labeled 'av\_dict\_get'. Another dark blue arrow points from the second box to a third, white box labeled 'av\_toupper'. All boxes have a black border and are arranged horizontally.

av\_dict\_get
