

photocd\_decode\_frame

```
graph LR; A[photocd_decode_frame] --> B[decode_huff];
```

A flowchart with two rectangular boxes. The left box is white with a black border and contains the text 'photocd\_decode\_frame'. A blue arrow points from the right side of this box to the left side of a second box. The second box is gray with a black border and contains the text 'decode\_huff'.

decode\_huff
