

E:/github/ffmpeg/libavfilter
/ssim.h

```
graph TD; A["E:/github/ffmpeg/libavfilter/ssim.h"] --> B["stddef.h"]; A --> C["stdint.h"]
```

The diagram illustrates the preprocessor directives at the top of the file `ssim.h`. A central box represents the source file, with two arrows pointing down to the headers it includes: `stddef.h` and `stdint.h`.

`stddef.h`

`stdint.h`
