

compare\_crc\_in\_array

```
graph LR; A[compare_crc_in_array] --> B[printf]
```

A flowchart consisting of two rectangular boxes connected by a horizontal arrow. The first box on the left is gray with a black border and contains the text 'compare\_crc\_in\_array'. A dark blue arrow points from the right side of this box to the left side of the second box. The second box on the right is white with a black border and contains the text 'printf'.

printf
