

grab_read_header

```
graph LR; A[grab_read_header] --> B[bktr_init]
```

A diagram showing a call from the function `grab_read_header` to the function `bktr_init`. The `grab_read_header` box is white with a black border, and the `bktr_init` box is gray with a black border. A blue arrow points from the right side of the `grab_read_header` box to the left side of the `bktr_init` box.

bktr_init
