

opencl_device_create

opencl_device_derive

opencl_enumerate_platforms

```
graph LR; A[opencl_device_create] --> C[opencl_enumerate_platforms]; B[opencl_device_derive] --> C;
```

The diagram illustrates a dependency or relationship between three OpenCL-related functions. On the left, two white rectangular boxes are stacked vertically. The top box contains the text 'opencl_device_create' and the bottom box contains 'opencl_device_derive'. On the right, a gray rectangular box contains the text 'opencl_enumerate_platforms'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both 'opencl_device_create' and 'opencl_device_derive' are associated with or depend on 'opencl_enumerate_platforms'.
